I have a pet puppy and his name is Max.

Max loves to run through the house and slide.

He also loves to chew on things.  Once he chewed my dad's shoe, and my dad wasn't very happy.

My dad bought him a toy bone.  He has so much fun chewing on it.  Max is black and white all over and

has big brown eyes.  His fur feels so soft and fluffy.  Max and I do lots of things together.

When I ride my bike, he likes to run alongside me.

He loves to chase the ball when my friend and I play baseball.

My friends laugh when they see Max running after the ball.

I take very good care of Max.  When he needs a

bath, I put him in the tub.  Max doesn't like getting

wet. He always tries to jump out of the tub.  He is so

funny looking when he is wet.  I take him for walks

so that he can get lots of exercise.  Max doesn't

like to be alone at night, so he curls up on his bed right next to mine.

Every morning before I go to school, I make sure he has food and water.  I really love my pet

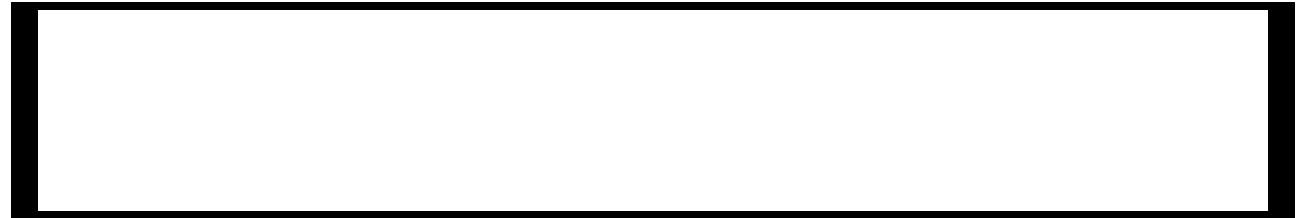

puppy Max.  He is my very best friend.
